Something for the Grown-ups — The Answers

- * Which Premiership team scored in all 38 matches in the 2001/2002 season?

Answer: Arsenal scored in all 38 matches of their title-winning Premiership campaign in 2001/02.

- * Which Club plays at the highest altitude in the English League?

Answer: West Bromwich Albion play at the highest altitude at 551ft above sea level.

- * Which European manager has won 17 trophies in the last 17 seasons?

Answer: Sir Alex Ferguson has managed Manchester United to 17 major trophies in the last 17 seasons. (Editor says: It looks like he could make that 18 out of 18 at the end of this season.)

- * How long did it take to build the original Wembley Stadium?

Answer: It took only 300 days to build the original Wembley Stadium. (Editor says: How times have changed. We're still keeping our fingers crossed for this seasons FA Cup Final !)

- * Which English Club can boast being the "oldest football club in the World"?

Answer: Non-League Sheffield FC is officially the World's oldest football club. The Club was formed in October 1857 with its HQ in a potting shed and greenhouse. They were instrumental in establishing the first rules and code of laws which were the foundation stones for the first commonly accepted set of rules for football. This year they celebrate their 150th anniversary.
